LOAN FUND BOARD HAS ANOTHER SESSION

Meeting Was Called For Reconsideration Of Former Action On Appropriation Fund

A \$24,000 RESERVE FUND

Roads Are Praised By Member of The Fair Sex After A Pleasant Trip To Koloa and Return

Meeting called to order at 10 A. M. by the Vice Chairman, Mr. H. D. Wishard.

All the members present with the exception of the Chairman, Hon. Marston Campbell.

The minutes of the two previous meetings of the Board, held on July 5th and July 15th respectively, read and upon change being made in the minutes of the meeting held July 15th relative to the appropriation for Bridge at Kealia, the same to read "Iron Bridge" in place of "Concrete Bridge," the same were duly approved.

The Vice Chairman stated that the meeting had been called for the purpose of reconsidering the matter of the appropriation of \$24,000, for macadamizing the Lihue-Apeula and Koloa-Lawai sections of road. That difficulties had been met with in the matter of contracting for this work and for various other reasons he deemed it wiser and more expedient that this work should not be undertaken with the Loan Fund monies, but that instead these funds or a portion thereof should be expended in the regrading of roads in the Kawaihau and Hanalei Districts and in any other Districts where deemed most expedient by the Board. That after the thorough regrading and widening of the roads, the work of macadamizing them, under the supervision of the County Engineer and with the outfit of the County, could proceed uninterruptedly for at least a year, or as long as the funds of the County were available for this purpose.

After a general discussion of the proposed change in the work and the general approval of same by all the members of the Commission and of their engineer, the following motion, duly seconded, was made: "That portion of the motion as made and passed July 15th 1911, setting aside and appropriating the sum of \$24,000 for macadamizing the Lihue-Apeula and Koloa-Lawai sections of road, 6 miles at \$4000 per mile, be reconsidered and that the said funds be held available and for disposition at some other meeting or meetings." Motion passed unanimously.

Motion made that the Board of Loan Commissioners should hold a regular monthly meeting on the first Wednesday of each and every month at the office of the Board of Supervisors, Lihue. Motion duly seconded, passed.

Motion to adjourn to the call of the chair, duly seconded and passed.

W. D. McBRIDE, Secretary.

High Praise For Our Good Roads

After making a flying trip to Koloa Friday evening and returning early Saturday morning, the writer wishes to express her pleasure of the fine roads which made the ride so delightful.

On the return trip we had the opportunity of seeing the men at work and very busy indeed they were; loads of material, great rollers and engines being very much in evidence.

Groups of tents along the way testified to the fact that the men were living near the scene of their labors, making it more convenient for them to be on time. When completed they will have reason to be extremely proud of the splendid highway that they have evolved.

HAMMER WON'T WORK

Prominent Plantation Men Sustain Painful Injuries—Waimea Captures Big Man-eater

Health Inspector Cook, who was appointed July first by Gov. Frear as inspector for Kauai, and who is represented by a Honolulu afternoon paper as being objectionable to Kauians, and as a result was receiving no aid in his endeavor to "clean up" Kauai, dropped into THE GARDEN ISLAND office last Friday and to a reporter, stated most emphatically there was not the least foundation for such a report. "To the contrary," said Mr. Cook, "I could not ask people to do more than they eagerly volunteer to do, and it was only by such aid I have been enabled to accomplish so much more than I ever could, had I been doing my work under unfavorable conditions. That perfect harmony prevails can be assured any who may take the trouble to inquire from responsible Waimea citizens, with whom I have had dealings since my arrival on Kauai. You may say that I deplore the report which was published, and in the short time I have been on Kauai, have been most favorably impressed with the hospitality of its citizens, and that upon my part, there will ever be a strong endeavor to work in hearty cooperation and perfect harmony with my co-workers, whom I'm sure will be equally as willing."

So the great hammer which is always on the swing in Honolulu, once more rebounds, after failing to create even a rubbish pile sensation.

Its up to the "Prominent man from Kauai," to come out with his source of information.

Manager Alexander Painfully Injured

When debarking from the steamer the other day in Honolulu Mr. Frank Alexander rather seriously injured his foot, so that he will have to go on crutches for some time. Mrs. Alexander was on the point of leaving for the east, but owing to this accident returned with him to Eleele.

McBryde Head Luna In Serious Accident

Mr. R. D. Moller, Head Luna on McBryde, met with quite a serious accident on Monday morning. His horse slipped and fell on smooth hard roadway and his shoulder was dislocated and other-wise injured so that he will be laid up for some weeks.

Waimea Catches Extra Large Shark

WAIMEA.—Great excitement prevailed here last Sunday when the crew of the S. S. Kinau succeeded in hauling in the largest shark seen here for years. He measured a little more than ten feet from tip to tip and was the source of intense interest among our populace.

Fair Dealing And Courtesy Is The Slogan Of Kauai's Merchants, Which Assures Success

The Coney Garage, snugly ensconced in Nawiliwili Village, and nearly opposite the ship landing, reminds one of a great beehive with its colony in full working order—the immense building with its constant hum of machinery, being the hive and the constantly going and coming of cars from the Hudson Run-about to the palatial Kissel taking the place of the ousy bees. The machine shop connected with this garage is complete in every way for doing repair work, and a vulcanizing plant is soon to be added.

Cars to suit every occasion are always on tap, with drivers who are known throughout the island as trustworthy and careful men. As manager of this prosperous appearing firm, Hon. J. H. Coney, being a machinist himself can be found on the job, clad in his blue jumpers most any day, rendering aid to his men on some rush or particular job. Besides managing this large transportation establishment, Mr. Coney is Agent for the I. I. Co's, which is an attorney, and one of Kauai's popular Representatives.

In C. W. Spitz, this wine and liquor merchant of Nawiliwili, is an example of what a man who is determined to make a success in life, and one who the closer to the wall he is pushed, the harder he struggles. By hard dint and honest endeavor, he has advanced step by step until to-day he is reckoned among the most influential business men of Kauai and is well known as such throughout the territory. Connected with his big Nawiliwili House, are branch stores at Koloa, Waimea and Kapaa. Mr. Spitz is generous to a fault in his dealings with the public, never turning a deaf ear to any in need of his assistance. He is ably assisted in conducting his business at headquarters by Mr. Knight, whose popularity among his customers materially aids in making the C. W. Spitz's store the pleasantest rendezvous, for informal gatherings on Kauai.

By far the most imposing and pleasantly situated hotel outside of Honolulu, is the Hotel Fairview. It is situated about three fourths of a mile from the Nawiliwili landing, from which place it is accessible by auto over one of the finest stretches of road in the world.

Knudsen Hosts At Auto Party

HANALEI.—A delightful auto party was that given by Mr. and Mrs. Eric Knudsen, on last Thursday, when a large party of friends were conveyed in Mr. Knudsen's big cars to Hanalei beach. They reached Kealia at twelve o'clock and had lunch with Senator Fairchild after which they resumed their journey, arriving at the Deerhill Hotel about four p. m. Bathing suits were quickly adjusted and a most delightful plunge was taken. They remained over night and after taking another dip in the famous Hanalei Bay, the party started on the return trip.

Among those who enjoyed the hospitality of Mr. and Mrs. Knudsen were Mrs. J. B. Wilder, Capt. Russell Smith, Clara M. Kelly, Miss Laura Nott, Miss Margaret Waterhouse, Liatt G. F. Burrell, Miss Blanche Dwiwell, Master Dixon Nott, Richard Thompson.

SUNDAY SEES NEW RECORDS IN BASEBALL

Weakest Team in League, Out-Battles Strongest-Homestead Wallops The Koloas

HOW DID THEY DID IT

Room For Speculation As to Who Will Win The First Year's Trophy—No Walk-overs

A sensation was a feature of last Sunday's ball games, when the K. A. C.'s, the weakest team of the League put the high and mighty Kilauea's to slumber with a score of 6 to 5. This victory, by the weakest over the strongest, is indicative of great improvement on the part of the weak team, or else some mighty funny playing on the part of the strong team. If the former be the case, then Kawaihau is deserving of highest praise, while if the latter be true, Kilauea should locate and dispense with its very "funny" plays, ere it is too late.

When the news that the Kawaihau had defeated their big antagonists spread, a look of wonder and doubt was plainly visible on the faces of the big-team sympathizers—doubt as to correctness of the report and wonder that such could happen. Such did happen, however, and the K. A. C.'s were kept busy nearly all Sunday night receiving the congratulations of their friends.

The Homesteaders—"May their shadows never grow less"—after amusing themselves by teasing the Eleele bunch who had not denied their implication in a recent whitewash game in which the "farmers" were also slightly interested—put the screws to the Eleeles with the score of 14 to 8. This was the second sensation of the day and was the source of much rejoicing among the "farmers."

From Hanalei comes the report of the work of the Junior League which was recently organized. A game was pulled off last Sunday on the Haena field between the Home team and Hanalei, the latter winning with a score of 13 to 3. The game was a walk-over for the visitors. The Werner brothers distinguished themselves as usual by the class of ball they put up. As the weather was fine a large audience occupied the grand "stand."

One of not the least pleasing features of the game in Lihue Sunday was the presence of the Lihue band. Good band music is so in keeping with base ball, that it is a pity an arrangement cannot be made to get the band to play for every game at the park. The summary of the Lihue-Koloa game follows: The Lihues put it all over the Koloas to the tune of 7 to 2. Kamau, pitching for the Lihue Cardinals, should have had a shut-out game, but for a few errors back of him. Three hits were made off his delivery, whilst the Lihue touched up Paris for eleven bingles.

A double killing in the first inning, sort of took the wind out of the Koloa's sails. Paris had doubled, Medeiros was out, Oponui to Malina. Paris tried to score, but was caught at the home plate and then Brandt fanned.

The Cardinals got busy with the stick in the third. With two down, Kamaka singled and made second, when Paris tried to catch him at first, the ball going wild. Doi let loose a two-bagger and Kamaka tallied. Fernandes bunted safely, and stole the second sack. Oponui singled and brought Doi and Fernandes home. Malina then made a home run, scoring Oponui ahead of him. Makanani tripped, but Rice ended the agony by flying to Sasaki. Five runs.

The Koloas, in the fourth, scored once. Paris died second to first, Medeiros walked and stole. Then Brandt flew to Ahana, Kuhlman reached third on an error. Medeiros scoring. Toichi died second to first.

The Koloas, in the sixth, scored again. Kuhlman flew to Fernandes, Paris doubled, Medeiros went

A SIX-ACRE BEACH RESORT

Mrs. Wilcox Will Hold Down Lid In Educational Affairs—Lihue Store Loses Valuable Mule

Hanalei—according to rumor—is to be placed on the map in a class with Newport News and Jacksonville Florida. A stretch of beach property consisting of six acres is being negotiated for by a representative of a wealthy Honolulu lady who proposes to erect thereon a building to cost a hundred thousand dollars.

Just who the lady behind the project is, it is not possible to say, but that definite steps will follow quickly upon the conclusion of preliminaries which are said to be progressing satisfactorily, is assured.

The plan includes steam launches for pleasure trips up the river and in fact no feature will be overlooked which might serve its share in changing this beautiful spot of nature into a veritable Coney Island.

Lihue Store Loses A Valuable Mule

While descending the grade leading to the Kapaia Church bridge yesterday morning, a defective brake allowed a loaded delivery wagon to get beyond control and rush down upon the team. One mule fell and sustained a broken leg, which resulted in its being shot, the other escaping badly bruised. The team is the property of the Lihue Store and the loss is estimated at nearly three hundred dollars.

out at first, and Paris "beat" it to the home plate on a wild throw. Brandt fanned.

In the seventh inning, the Cardinals annexed two more runs, for luck. Kamaka and Doi, each singled, Fernandes fanned, and Oponui singled. Kamaka was caught at third on a passed ball. Both runners moved up. Malina singled, scoring Doi and Oponui. Malina stole second and third. Makanani walked. Rice flew to Kuhlman. The umpiring was open for criticism, the decisions being about equal on both sides, nobody had really the worst of it.

Results of the games:

Artist Durap, left for Honolulu last Saturday having spent several weeks doing special portrait work, which is known as "Artists Proof," the first of the kind ever done in the Territory. A large number of our prominent people were so well pleased with the new method that the artist was kept busy up to the very minute the boat departed.

Child Is Drowned On Waima Beach

WAIMEA.—A sad event occurred here Sunday morning, a Japanese boy about a year old being caught by a breaker and carried out to sea. The frantic cries of a sister who had been in charge of the child hurriedly brought a throng of people to the beach. A searching party was unhesitatingly formed and after much seeking the body was recovered.

Kilauea's Player Is Painfully Hurt

John Ahana a member of the Kilauea ball team met with a painful accident Sunday while trying to connect with a sky ball, colliding with Bill Kerr who was also attempting the same feat. It is thought Ahana's injuries may possibly be his last playing.
